COMPANY PROFILE

KW-triO[®]

Pao Shen Enterprises Co., Ltd. has been manufacturing stationery and office supplies since 1976. We have made a long-term investment into the most advanced high-tech facilities to ensure high quality products, vertical integrated production and excellent management enabling us to earn ISO 9001:2015 accreditation in 1997 and ISO 14001:2015 in 2017.

The brand name "KW-triO" has become synonymous with trendsetting, becoming a worldwide leading manufacturer of desk top accessories as well as hand tools and paper trimmers/guillotines for export to over 110 countries. To keep up with fashion, design and a competitive market, we have a strong R&D team of over 100 technical staff and diversified precise machines for ongoing production of our own brand "KW-triO" and OEM/ODM projects. The "KW-triO" business statement is "Progress, Harmony and Innovation." Our goal is to satisfy your demand and create a comfortable and friendly working environment for you. We want Kw-triO always be your first choice.

TO NOTE Classic Punch

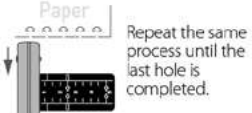

09939 ■ ■ ■ TTTTTTTTTTTTTT

- 323x82mm / 12-Holes
- 3 sheets of 100gsm paper
- Available for A4 ~A7S / A7E & B5 & USA letter size

One Hole Punch NEW

09037 ■ ■ T

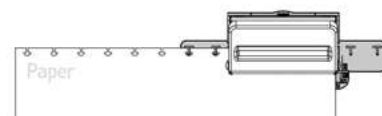

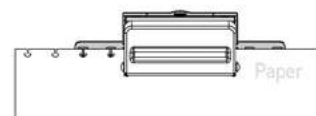

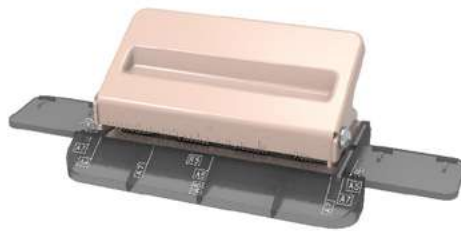

- L153xW81xH24mm / 1-Hole
- 6 sheets of 100gsm paper
- 1 sheet of 0.8mm PP sheet or 0.8mm cardboard
- Available for A4S / A4E~A7S / A7E & USA letter size

Four Hole Punch NEW

09924 ■ ■ TTTT

- L190xW72xH58mm / 4-Hole
- 3 sheets of 100gsm paper
- Available for A4S / A4E~A7S / A7E & USA letter size

Align the edge of paper against the marks of selected paper size A4, A5, A6, A7 or B5 to punch the first hole.

Align the mushroom hole with the raised guide mark, and punch the next hole.

Repeat the same process until the last hole is completed.

Alphabet Hole Punch

AF-01 NEW

- Desk top craft tool for paper and card decoration
- 26 letter punch heads included
- 120gsm~250gsm 1 sheet per punching, and up to 10 letters to be settled at a time

A 9mm / Depth: 12mm

HOW TO USE ?

Alphabet hole punch can be installed up to 10 sets of cutter heads at a time, if there are double letters in a word, please punch it one by one.

For example, if you want to create "BOOKS", please settle BOKS for the first time punching (keep a space for O), and punch O separately in the second time.

Please set up the letters accurately, misplacement or improper placement may cause the cutter head to be easily damaged.

After all settle down, than can start to punch. Please punch 1 sheets each time (120-250gsm paper).

B O O K (Normal pitch) BOOK (Narrow pitch) B O O K (Wide pitch)

Narrow pitch:
Odd go first, then even ones.

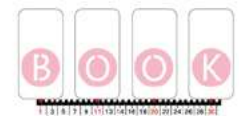

Step1: Settle B and O on number 1 & 9, and punch for the first time.

Step2: Settle O and K on number 5 & 13, punch for the second time.

Wide pitch:
Settle the letters by the diptch you like.

EX keep a 2 blank space for each letter.

Manual Tackers

EASytech Tacker Range

40~50% Less Squeeze Force

-50% Less Force*

Pao Shen has again improved the handle force for its heavy duty tackers by introducing the 18536 and 18541 models. At only 15lbs, the 18536 is the World's Easiest to Squeeze Tacker, while maintaining its powerful penetration force. Both are stylish in design, and are simply a pleasure to use.
